# Answers Regarding Ariba

Our company already owns an Ariba account. What should we do?

- When invited through a Trading Relationship Request or a Purchasing Document, please register with your existing account and do not create a new one. There must be only one ANID per legal entity
- Faurecia's ANID is AN01274677429.
- In order to check if you already have an Ariba Account, we recommend you to check internally within your company by contacting your System Administrator. You can also inquire potential existing accounts in the following link, by typing your company name and region in search field

# Answers Regarding Ariba

What do I do if I received several registration invitations for a same legal entity?

- You have to register with the same Ariba Network ID to the several registration invitations

# Answers Regarding Ariba

I received several registration invitations for different legal entities of a supplier. Why?

- Because you are defined within Faurecia as Global Key Account Manager for this supplier.

# Answers Regarding Ariba

What is the procedure concerning PO's / Invoices?

- **Invoices** can **only** be **posted** in **Ariba** if the **related purchase orders (PO's)** have been **created** in **Ariba**.
- **Check Ariba help center if needed**

## Can we check the status of the PO's / Invoices? (COMING SOON)

- **Yes.** You will shortly be able to view purchase orders (POs) and invoice status at any time on SAP Ariba Network, which is extremely useful for managing your business.
  - **Invoices**
    - You **can search** for **invoices** by the **exact invoice number**, regardless of the date range.
    - To **run** this search:
      1. **Click** the **Outbox tab**.
      2. **Click** the **arrow** in front of Search Filters to expand the filter options.
      3. **Enter** the **invoice number** in the Invoice Number field.
      4. **Check** the Exact Number radio button below the invoice number.
      5. **Click** Search.
      6. You **can also search** for invoices using other **search filters** in the Outbox
